I Love You!!

I love you
I love you
I love you
I love you

(I just can't help but say it
over and over again!)

P.S. I Love you!!

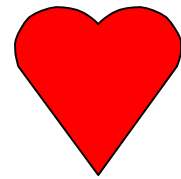

**Sending you a little note to say...
Lots of love to you and
Have a happy day!**

*Until we met I didn't know
How light a heart could be;
How, chained to one by bonds of love,
I still could feel so free.*

*I didn't realize that my dreams
Could ever be so real;
Or when I had all I could want,
Exactly how I'd feel.*

*This year of love has brought me through
A long-awaited door:
Were angels parked along our skies,
I could not love you more.*

Happy Valentines
Day!

Happy SWEETEST Day!

I love you **THIS** much!
(and more!)
